

Call for Proposals: 2012 Horton (Hydrology) Research Grant for Ph.D. Candidates

Application Deadline: 01 May 2012

This grant supports research in hydrology, water resources, or a closely related field. Appropriate topics include:

- Physical, chemical, or biological aspects of hydrology
- Water resources policy sciences including economics, systems analysis, sociology and law

Awardees are recognized at the 2012 AGU Fall Meeting where they receive a one-year grant (typically \$10,000) to cover research costs and travel expenses (\$500 U.S. /\$1,000 international) to accept the award.

Eligibility information and application available at:

http://www.agu.org/horton_research_grant
